*Information Paper 1\*: Update on CBD issues*  
*Information Paper 2\*: Pacific Oceanscape framework*  
*Information Paper 3: Update on ACPMEA project*  
*Information Paper 4\*: Regional Wetlands Action Plan*  
*Information Paper 5\*: Marine ballast water and Pacific Invasives Partnership*  
*Information Paper 6: Update on PIGGAREP Project*  
*Information Paper 7: Update on PACC Project*  
*Information Paper 8: Regional Economics of Climate Change Study (RECCS) for the Pacific region*

\* will be sent as soon as finalised

Late papers are the 2012 Work Programme and Budget; Study on options for a sub-regional presence for SPREP; and the Pacific Meteorological Council's Meeting Outcomes.

Members should take careful note of agenda item 10.1 – Country Profiles – Exchange of information by Members on national developments related to the Year of Dugong. There is no working paper to this item, however, Members are expected to exchange information on developments related to activities in implementation of the Year of Dugong. It would be appreciated if Members take note of this and come prepared for such an exchange.

All working papers have also being transmitted to the official institutional and collaborating focal points electronically. Additionally, the working papers have already been posted on our website: [www.sprep.org](http://www.sprep.org). Members and collaborating institutions can immediately access and download copies of the working papers. There are also a few information and background papers which are not listed as agenda items but are being made available to Members for their information.

May I also again take this opportunity to remind and urge all members who have not informed us of the details of their delegation and accommodation preferences to do so as soon as possible to avoid any inconvenience.

Looking forward to seeing you all in Apia!.

Yours faithfully,

Kosi Latu  
**Acting Director**
