SPREP Climate Finance (RIE) Project Pipeline¹					
Country	Project Name	Status	Next Steps	Notes	Secretariat Resource / Capacity Needs
FSM	Enhancing resilience of vulnerable island atoll communities	Full Proposal Submitted to Adaptation Fund	Board Decision in October / EE Capacity Assessment (due diligence)	\$9 million. IE: SPREP EE: OEEM. Coastal Resilience (Inland Road Relocation) and Atoll Water Security	None: Project to resource IE manager at SPREP
RMI	Resilient Atolls for Agriculture and Food Security	Concept submitted to Adaptation Fund	Develop project design action plan.	\$8M (TBC) Partnership with SPC. IE: SPREP EE:MRD.	Resources to support additional country mission(s) as per design plan
Samoa	Resilient Farming Livelihoods in Samoa	Pending Project Preparation Grant Approval	Undertake project preparation project (using GCF grant)	Partnership with WIBDI. Full proposal estimate \$5M	None: CFA and PPS to manage through consultants / WIBDI
Samoa	Liquid Hydro Carbon Facility from non-food biomass in Samoa	Full proposal available for submission, pending NDA approval	NDA to approve	\$8 Million. Partnership with GTA-SP. IE:SPREP EE: GTA-SP	None: Project to resource IE Manager at SPREP
Vanuatu / Regional	Climate Information Services for Resilient Development Programme	Full Proposal in development (integrating the Vanuatu Readiness project)	Lodge with GCF early September	\$40M / \$13M commencing with Vanuatu. IE: SPREP EE VMGD. Key Partner: CSIRO Envisaged to build to multi-country,	The proposal resources a full time programme manager for SPREP.
Tonga / Solomon Islands /Vanuatu Regional	Coastal Ecosystem Resilience Programme	Pre-concept. Country (NDA) interest has been sought	Develop programme concept; seek Project Preparation Support	Solomon Islands; Vanuatu and Tonga have expressed interest. Partnering with SPC and IUCN	SPREP is preparing a Project Preparation Grant (GCF) to help scope programme.

¹ Only projects which have been requested / endorsed by a country National Designated Authority for the AF or GCF are included.

SPREP Climate Finance (RIE) Project Pipeline ¹					
Country	Project Name	Status	Next Steps	Notes	Secretariat Resource / Capacity Needs
Regional ²	Climate Adaptation Planning Programme	Pre-concept	Determine country / NDA interest and liaise with UNEP on Global NAP Support Programme.	UNEP is leading a global initiative on NAP.	TBC
Regional - Enhanced Direct Access (EDA) ³	Regional Fund for Low Carbon and Resilient Development	Pre-concept	Establish Member / NDA support; Secure resources to support scoping	EDA provides SPREP with the opportunity to provide the region with a flexible, fit-for-purpose fund to address key (community focused) needs	Additional resources need to undertake a targeted scoping / design exercise.
Nauru	Institutional Capacity Development Activity Area 1, 2	GCF Readiness	TBC	TBC	ISACC Adviser to manage.
Niue	Institutional Capacity Development Activity Area 1, 2	GCF Readiness	Develop Readiness Proposal		ISACC Adviser to manage (prepare and finalise Readiness)

² No NDA support sought for this Programme

³ No NDA support sought for this Programme
