

2017 Accredited Entity (GCF/AF) Project Pipeline

- The Table below provides a snapshot of SPREPs project/programme initiatives being progressed in our capacity as an accredited entity for the Green Climate Fund and Adaptation Fund, coordinated through the SPREP Project Coordination Unit.
- Priorities are based on advice and requests from countries.
- Progress of each of the initiatives is coordinated by the Project Coordination Unit, with each project being owned by technical divisions.

Project Name	Country	Fund	Cost (USD m)	Fee	Brief Description	Status	Next Steps	Division (Owner)	Key Dates
Climate Information Services (CIS) for Resilient Development in the Pacific - Vanuatu	Vanuatu	GCF	22.9 (+ 3.7 co-finance) Budget under review	10 % 2.29m	Supporting development and uptake of CIS for resilient development in 5 Sectors VMGD CSIRO BoM PCC	Approved by GCF Board (with conditions)	1. Develop Start-up Plan 2. Resource Start-up Plan 3. Execute Start-up plans (ongoing) 4. Agreement with GCF and Vanuatu 5. Project Inception	CCD Director	Aiming for October/Project Commencement
Climate Information Services (CIS) for Resilient Development in the Pacific - Regional	Multi Country / Regional (N Pac states are interested)	GCF	TBC		Multi country programme on CIS building on approved Vanuatu Project	Idea Only	1. Develop Idea Note based on PMC (August) 2. Secure Country EOI 3. PPF proposal development.	CCD Director	Aim for PPF submission by 1 st quarter 2018
GCF Readiness (pending country priorities to have a focus on support for NAPs and implementation INDCs and Low Emissions Development Strategy)	Various (Vanuatu, RMI, Niue, Fiji)	GCF	Avg. 500,000 ea	10%	GCF Readiness eligible activities	Vanuatu Readiness Complete RMI and Niue submitted 31 July	1. RMI and Niue implementation 2. Ongoing development based on country requests	PCU / CCD	RMI and Niue to commence 2017 Next due date October 31
Coastal and Marine Ecosystem Resilience Programme Project Preparation Facility Grant	Multi-country (TBC - PNG, RMI Solomon Islands, Cook Islands, Vanuatu, Niue, Tonga (Palau))	GCF	1.4 million (PPF) Full programme 50m+	10%	Commencing with PPF to design large scale programme to build resilience of priority ecosystems – IUCN, SPC	Initial Concept Note Developed PPF being finalized	1. Country EOI 2. Prepare and Submit PPF with NDA support 3. Undertake PPF process	BEM Director	PPF Submission in August 2017
Climate Resilient Agriculture for Livelihoods in Samoa Project Project Preparation Facility	Samoa	GCF	\$ 240,000 (PPF)	10%	Commencing with PPF to design project to support WIBDI to integrate climate sensitive approached to	PPF submitted. Waiting GCF response	1. Await GCF Decision 2. GCF Feedback to be addressed 3. Await GCF response	CCD Director	2017

					organic AG in Samoa		4-Project Implementation		
Enhancing the Climate Change Resilience of Vulnerable Island Communities in Federated States of Micronesia	FSM	AF	9	8.5% 740,000	Water Security on 6 Atolls and Kosrae IRRRI	Approved by AF Board	5. Project Agreement with AF and FSM 6. Project Inception	CCD Director	Aiming for October/ Project Commencement
Climate Resilience Agriculture in RMI	RMI	AF	TBC	TBC	Supporting revitalisation of climate resilient food production in RMI. Support provided by SPC.	ON HOLD - no preparation resources. Draft Concept Submitted to AF. Feedback received	Work with RMI to secure required resourced to develop proposal	CCD Director	2018
Enhanced Direct Access – community climate change fund	Regional/ Sub-regional	GCF	20	TBC	Establishing a sub/regional climate fund. Possible alignment with SIS Strategy	ON HOLD. SPREP to seek GCF accreditation upgrade first.	1. Progress Grant Mechanism Accreditation with GCF	PCU	2018
Palau Solar Water Pump	Palau	GCF	TBC	10%	Building on PACC solar water pump project. Possibly an ESS risk Cat B project.	Concept to be developed to support PPF	1. Develop Concept 2. GCF PPF	CCD Director	4 th quarter 2017 PPF submission
