**DATE:** 19 October 2018

**CIRCULAR:** 18/60

**SUBJECT:** **Postponement of the 'GEF Pacific POPs release reduction through Improved Management of Solid and Hazardous wastes Project (GEF uPOPs)' Final Project Steering Committee Meeting**

---

Dear Focal Points,

The Secretariat of the Pacific Regional Environment Programme (SPREP) and the United Nations Environment (UNE) wishes to advise of the postponement of the Final Project Steering Committee Meeting for the GEF uPOPs Project – 4066.

The postponement of this meeting is due to a clash with the second meeting of the Ad Hoc Open-Ended Expert Group on Marine Litter and Microplastics to be held in Geneva from the 3<sup>rd</sup> – 7<sup>th</sup> of December, which all respective countries are invited to attend. As a result, an executive decision was made between SPREP and UNE to postpone the regional steering committee meeting to the week of 28 January to 1 February, 2019.

Details for the updated agenda together with the venue for the meeting will be circulated once they have been finalised.

If you have any further questions/enquiries, please do not hesitate to contact either Raymond Schuster at [raymonds@sprep.org](mailto:raymonds@sprep.org) or Frank Griffin at [frankg@sprep.org](mailto:frankg@sprep.org).

Thank you very much for the consideration of this meeting.

Yours Sincerely,

Kosi Latu  
**Director General**
