Dear SPREP and UNFCCC Focal Points,

The Secretariat of the Pacific Regional Environment Programme (SPREP) through the Intra-ACP GCCA+ Pacific Adaptation to Climate Change and Resilience Building (PACRES) and in collaboration with the IMPACT Project will convene the Pacific Post-COP25 Analysis Meeting 16-18 March 2020 at the Pacific Climate Change Centre at SPREP in Apia, Samoa.

The objectives of the meeting are to:

- Provide Pacific ACP SIDS negotiators with an opportunity to analyse the outcomes of COP25 relative to their specific national, regional and inter-regional priorities;
- Provide an opportunity for Pacific ACP SIDS to further develop positions on priority thematic areas of the Paris Agreement Work Programme (PAWP);
- Develop a Post-COP25 Analysis Report to inform Pacific ACP Leaders and Heads of State on the implications of COP25 outcomes at national, regional, and inter-regional levels; and
- Prepare negotiators to engage effectively in UNFCCC related events prior to and leading into COP26.

SPREP will fund one UNFCCC COP negotiator from each Pacific ACP country to participate in the workshop and training. All country representatives travelling on SPREP sponsored travel must cover their own health and travel insurance. All insurance is the personal responsibilities for those travelling or their employers. You are welcome to send more than one participant at your Government's expense.
