NATURE CONSERVATION ACTION FOR A RESILIENT PACIFIC

10th Pacific Islands Conference

NATURE CONSERVATION AND PROTECTED AREAS

- > Inform and analyse the State of Conservation in Oceania in 2020
- > Review progress towards the achievement of regional and global conservation commitments.
- > Review the current Framework for Nature Conservation and Protected Areas

Build Pacific nature conservation capacity and stimulate knowledge management and learning related to biodiversity conservation

- > Investigate and secure sustainable funding initiatives
- > Create a framework for robust governance around nature conservation work

WE PLAN FOR OUR FUTURE
