Summary of the Meeting of the SPREP Member Working Group
To Assess Recommendations of the 3rd Independent Corporate Review and
Mid-Term Review of the SPREP Strategic Plan 2017-2026

Tuesday 16 March 2022

1.00pm to 2.35pm
(Samoa/ New Zealand time)

1. The first meeting of the Working Group was attended by Australia, Cook Islands, New Zealand and Samoa with the support of the Secretariat. Refer to Annex I for the list of participants.

2. The Secretariat provided a brief background on the 3rd Independent Corporate Review and Mid-Term Review of the SPREP Strategic Plan 2017-2026, which included the outcomes of the Special SPREP Meeting held on 15 October 2021.

3. The meeting reviewed and considered the draft Terms of Reference which was originally disseminated to Members under Circular 21/149 in December 2021. Noting the Third Executive Board Meeting will convene in September 2022 and not include the participation of the full SPREP membership, the draft TOR was amended to enable flexibility on reporting to also include the SPREP Meeting. Refer to Annex B for the revised TOR.

4. The meeting noted the suggestion by the Secretariat to focus on key recommendations on governance, structure and management but to ensure a thorough and transparent process for considering the recommendations. After much discussion, the meeting agreed to first develop criteria for prioritisation of recommendations with draft criteria proposed as follows:

   a. impact or change to the core business of SPREP;
   b. impact on leadership, management and structure;
   c. impact on resources - does it require additional resourcing?;
   d. impact on delivery of priorities; and
   e. impact on governance arrangements of SPREP - relationship of Members with the Secretariat?

5. The meeting discussed and agreed that an external facilitator would be beneficial for the Working Group. The role would include facilitating meetings and report writing. It was agreed that Australia and New Zealand with the Secretariat will discuss arrangements to finalise the mobilisation of an independent contractor, noting the urgency of time, issues of procurement compliance and that the Secretariat does not have the allocated funds of US$20,000 at minimum, for such services. Australia and New Zealand informed the meeting that they may potentially have funding support for this activity and would engage with the Secretariat offline.

6. The meeting agreed that due to the importance of prioritising the recommendations for further analysis through a transparent criteria the Working Group would meet again at a mutually
agreeable date to discuss timelines and other matters. For the interim, the meeting agreed to set up an e-mail group to discuss offline the following key issues:

a. Engagement of an external facilitator
