

SUB-REGIONAL APPLIED TRAINING: IMPACTS ANALYSIS (iA) METHODOLOGY & IMPACTS DATABASE

Date: [12-16 June 2023](#)

Venue: [APIA, SAMOA](#)

Target Group: Fiji, Kiribati, Niue, RMI, Samoa and Tonga.

Expected Number: 25-30 participants.

Training Partner: Pacific Climate Change Centre

Collaborating Project(s): PACRES, +SPREP Community of Practice (CCR, EMG to confirm, KIWA-Nbs)

Sub-Regional Training Objectives:

- Facilitate the training on the scope of the Pacific tailored impacts analysis (iA) methodology covering theory, application, and impact case studies from the 5 of the 10 project countries.
- Provide an overview and input the field data from impact assessments and analysis onto the country links on the **impacts database**.
- Discussion on the transition of the impacts database and methodology resources onto the **Pacific Climate Change Portal** (PCCP) and the role of PCCC.
- Organise field visits to give participants the **practiced confidence** in applying the light-impact tools: profiling adaptation, checklists, focus group surveys to collect, collate, and analyse before data input to the adaptation Impacts Database.

12-16 June	Organised field trips (tbc)
Day 1 -2	<p>PART I: Scale up Pacific Impacts Analysis Methodology & Database</p> <ul style="list-style-type: none"> • Opening of the Sub Regional Training • Overview of the iA methodology & Expectations • Introduce the Impacts Database and management of large amounts with multiple types of data that enable countries to make informed decisions quicker and communicating key advocacy messages on impacts of climate actions. <p>PART II: Conducting an Impact Assessment</p> <ul style="list-style-type: none"> • Reflections and Feedback from the field trips. • Fiji-Cook Islands-Palau: Refined iA application from the community of practice.
Day 3	<p>PART III: Reporting and Institutionalisation of Impact Indicators</p> <ul style="list-style-type: none"> • Overview of the usefulness of indicators for monitoring implementation progress of national strategies -climate change adaptation/ water resource, agriculture, marine resources, coastal protection sector plans. • Projects management use of impact indicators in planning of pipeline projects for priority sectors- agriculture, coastal protection, renewable energy and freshwater security. <p>Pacific Climate Change Portal & Featured Impacts Database</p> <ul style="list-style-type: none"> • Discussion on the transition of the impacts database and methodology resources onto the Pacific Climate Change Portal (PCCP) and the role of PCCC. • Role of the PCCC. <p>National Climate Change Portals</p> <ul style="list-style-type: none"> • Role of the PACRES Project
Day 4	<p>(continued)</p> <ul style="list-style-type: none"> • How the impacts methodology with data results can be used for reporting and tracking global goals on adaptation.
Day 5	<ul style="list-style-type: none"> • Field trip (to be confirmed on day 2 or 3 of the program)

END OF SUBREGIONAL TRAINING WORKSHOP

Reference material: Impacts Methodology Guide + Light Note on the Impacts Methodology+ Database User Guide.

Participants Note: First main training session on the Impacts Methodology is planned for two days. You will need your laptop or smartphone. This is a greening event. Limited paper copies of daily agenda and presentation notes will be made available except through USB memory sticks.

Participants are encouraged to take a short online survey at the end of each main session, ensuring that the resource team consider the quality and session effectiveness.

Online tools required: SLIDO <https://www.sli.do/> Ice breaker activities will be carried out on SLIDO with a mix of physical and easy games for group work.

KoBoToolbox <https://kobo.humanitarianresponse.info/>: As part of the tool orientation participants will be asked to create an account on Kobo toolbox to allow for an interactive and hands on session whilst learning how to navigate the tool to formulate social surveys with tailored questions on impact.

PROGRAM:

12-16 June 2023		
Day 1: 12 JUNE		
PART I: Scale up Pacific Impacts Analysis Methodology		
Time	Main Session	Key facilitator: PCCC + GCCA+SUPA
8:30 – 9:00	Participants Registration	SPREP GCCA+SUPA Output 1 team
9:00-9:30	Opening Session Prayer & Welcome: PCCC	Opening Remarks tbc
9:45 – 10:30	MORNING TEA + Group Photo	
10:30 -10:45	Participants Expectations	Monifa Fiu, GCCA+SUPA Impacts Analysis Adviser
10:45 – 11:00	1. Overview of the impacts Analysis (iA) Methodology & Training	
11:00-12:00	Video clips: country reflections (10 minutes) 2. Impact assessment tools & Guide <u>Adaptation profile forms</u> <u>Household, public poll</u> <u>Field Observations</u>	<u>In sector interest groups:</u> Checklist + Focus group: FRESHWATER (CI/Palau)
		Checklist + Focus group: MARINE RESOURCE MANAGEMENT Teariki Rongo (CI)- <i>Ra'ui</i> , checklist
12:00-13:00	Group Report Back	
13:00-14:00	LUNCH	
14:00 – 15:30	Plenary: Case study presentations by Fiji, Cook Islands, Tonga & Palau.	
Day 2: 13 June 23		
PART II: Conducting an Impact Assessment		
Time	Main Session Programme	Key facilitator: PCCC +GCCA SUPA

9:00-9:30	Prayer and Recap of Day 1	SPREP team
9:30 – 10:00	Begins with profiling of actions <ul style="list-style-type: none"> - Relevance of archived data Results measurement table <ul style="list-style-type: none"> - Tracking impact with data 	Gloria Roma

10:00-10:30	MORNING TEA	
10:30-11:30	In groups: <ul style="list-style-type: none"> - How to create own surveys online as well as utilising the KoBo toolbox application to collect survey data. - Checklists - Results measurement tracker 	<u>Group work leads:</u> Tbc from list of participants
11:30-11:40	Ice Breaker/SLIDO	
11:40-12:40	Impacts Adaptation Database <ul style="list-style-type: none"> - Types of information, data stored - Introduction to impact database 	Gloria Roma, GCCA+SUPA Information Research Officer / SPREP IT
12.40-13:00	PLENARY: Data and knowledge management challenges	
13:00-14:00	LUNCH & BREAK FROM MAIN SESSION	
14:00-15:00	Navigate the Impacts Database + in working groups on data entry. BREAK	

Day 3: 14 JUNE 2023

PART III: Reporting and Institutionalisation of Impact Indicators

Time	Main Session Programme	Key facilitator: Monifa Fiu
9:00-9:15	Prayer and Recap of Day 2	tbc
9:15-10:30	<ul style="list-style-type: none"> - Reflections and feedback from the field trips Role of the PCCC	PCCC/ PACRES
10:30-11:00	MORNING TEA	
11:00 -11:40	How would scaling up look like in country context? Overview of the usefulness of indicators for monitoring implementation progress of national strategies.	GCCA+SUPA National Facilitators- Palau & CI
11:40 – 13:00	<u>Group work:</u> Unpacking the Impact Dashboard	IT/KM PCCC and IRO GCCA+SUPA
13:00-14:00	Lunch	
14:00-15:30	Navigate the Impacts Database + in working groups on data entry.	

Day 4: 15 JUNE 2023

Pacific Climate Change Portal & Featured Impacts Database

Time	Main Session Programme	Key facilitator: PCCC team
9:00-9:15	Prayer and Recap of Day 3	Visual facilitator
9:15-10:00	Discussion on the transition of the impacts database and methodology resources onto the Pacific Climate Change Portal (PCCP) and the role of PCCC.	PCCC/Monifa Fiu (group work)
10:00-10:30	MORNING TEA	
10:30 -11:40	Report back from group discussions	SPREP community of practice
11:40 – 13:00	PCCCP	PCCC KM/ Climate Science to Services
13:00-14:00	Lunch & BREAK	

Day 5: 16 JUNE 2023
FIELD TRIP (overnight and to be determined on either Day 2 or 3 of the week)
