CIRCULAR: 25/88

SUBJECT: Introducing the newly launched *Pacific Climate Change Innovation Lounge* through the Pacific Climate Change Centre, SPREP.

Dear SPREP Focal Points and Partners,

I am pleased to inform you that the Pacific Climate Change Centre officially launched the **Pacific Climate Change Innovation Lounge** during the 32nd SPREP Meeting on 01 September 2025 at the Sheraton Hotel, Apia, Samoa.

The Pacific Climate Change Innovation Lounge is a new online platform to showcase solutions, foster collaboration, and drive climate change action for Pacific Island needs.

<https://pcccinnovation.com/>

The Lounge provides:

- interactive space where innovators, partners, and end-users can connect, exchange ideas, share knowledge and showcase practical solutions that support our efforts to adapt and mitigate the impacts of climate change.
- space to nurture common interests across countries, strengthen partnerships, and recognize the valuable contributions of innovators and researchers to advancing climate change action in the Pacific through its multiple interactive features.
- offers virtual spaces to host webinars, meetings, upload research ideas, be part of communities of practices in different thematic areas, which you are most welcome to utilize.

We encourage all Member Countries and partners to access and utilize this facility for showcasing initiatives, sharing lessons learned, and engaging with a wide network of stakeholders to amplify and accelerate our collective response to climate challenges.

The development of the Virtual Lounge was supported by multiple partners of the Pacific Climate Change Centre such as the Government of Japan through JICA, Government of Australia through DFAT and the Government of New Zealand MFAT.

For further information please contact pccc@sprep.org

Yours sincerely,

Sefanaia Nawadra
Director General

Annex

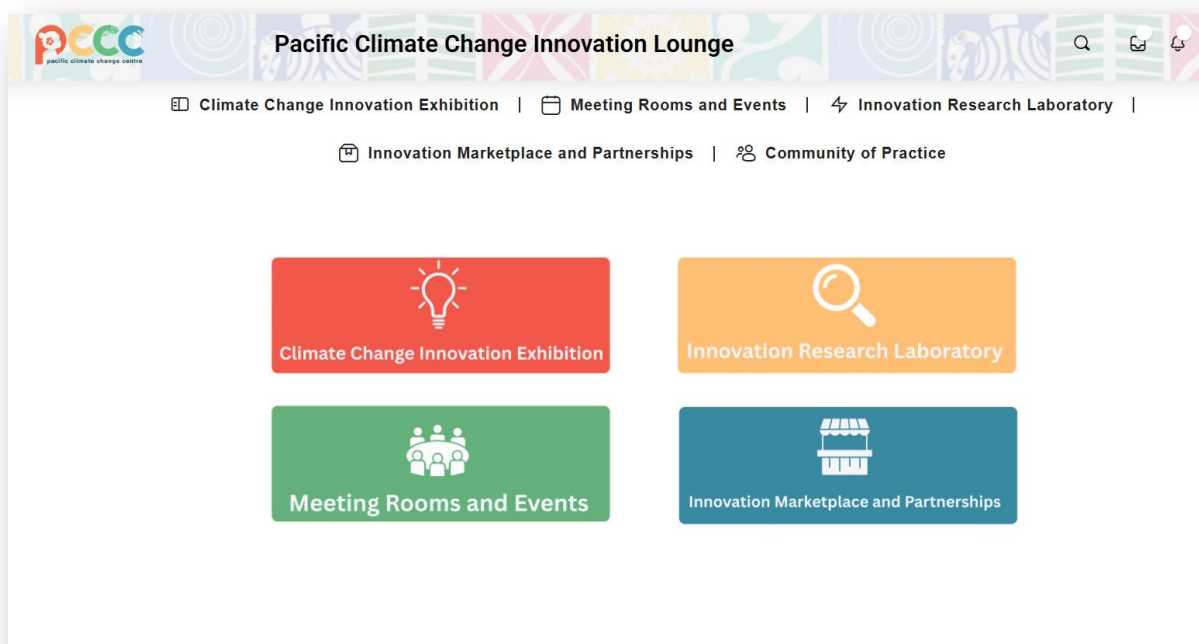

Pacific Climate Change Innovation Lounge

<https://pcccinnovation.com/>

The Pacific Climate Change Innovation Lounge is a new online platform to showcase solutions, foster collaboration, and drive climate change action for Pacific Island needs.
