TO: SPREP National Focal Points

SUBJECT: SPREP Open Day 2026 – Regional Webinar Series

Dear Members,

SPREP is pleased to inform Members that, as part of the commemoration of the 33rd anniversary of the signing of the Agreement establishing SPREP in Apia, Samoa on 16 June 1993, a Regional Webinar Series will be organised as part of this year's SPREP Open Day event.

The webinar series aims to raise awareness and share knowledge on key thematic areas of SPREP's work, encourage knowledge exchange between SPREP technical staff and Pacific tertiary students, and expand SPREP Day celebrations to a wider regional audience.

Each of SPREP's five Technical Programmes, together with a Governance and Operations session, will host and deliver a one-hour webinar on topics relevant to their programme areas.

The webinars will target university and college students across SPREP Member countries and will be delivered virtually from SPREP's Mana Studio in Apia, Samoa.

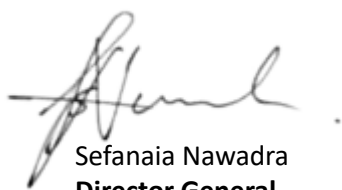

SPREP will directly engage universities and colleges regarding participation, registration, and webinar details once the programme is finalised.

We would nevertheless greatly appreciate the support of Members in promoting the initiative through your respective national networks and encouraging participation from relevant tertiary institutions and students.

Further information, including the webinar programme and registration details, will be shared in due course. Should you have any questions or require further information, please contact Ms. Miraneta Williams-Hazelman via email at miranetaw@sprep.org or telephone +685 21929 ext.295.

SPREP looks forward to the continued support and engagement of Members in strengthening regional environmental knowledge sharing and collaboration.

Yours sincerely,

Sefanaia Nawadra
Director General
