

**Attn: Invitation to participate in the 6<sup>th</sup> Asia-Pacific Climate Change Adaptation Network Forum which will be held in Asian Development Bank Headquarters, Manila, Philippines from October 17-19, 2018.**

Dear \_\_\_\_\_:

Greetings from the Republic of Palau! I am pleased to inform you that Palau, together with the Climate Change Commission, Philippines, and Asian Development Bank will be co-hosting the **6<sup>th</sup> Asia-Pacific Climate Change Adaptation Network (APAN) Forum: Enabling Resilience for All: Avoiding the Worst Impacts, which will be held on October 17-19, 2018, Asian Development Bank, Manila, Philippines; with pre-events on October 15 & 16, 2018.**

The Forum will provide a platform for speakers to share adaptation measures currently being used in response to new and challenging environmental conditions that have been or, are expected to be, exacerbated as a result of climate change.

It gives me great pleasure to invite you to participate in this forum knowing you will bring a wealth of knowledge and information from which others may learn. Your participation and take away from the forum will definitely benefit your respective organisation and/or country in a number of ways.

The APAN Forum will highlight experiences from countries/agencies existing efforts to address the challenges of climate change from Asia and the Pacific. We hope you can find time in your schedule to be present at the APAN Forum. Your experience will add valuable insight to what will be a very important frontline discussion on climate change adaptation. We believe your contribution to the conference is unparalleled and will be of great benefit to our audience.

To confirm your participation, kindly register online at <https://adb.eventsair.com/asia-pacific-climate-change-adaptation-forum/forum/Site/Register>, and send a copy of your passport bio-page to Ms. Lynna Thomas, Office of Project Management, Palau at [lynna.thomas7@gmail.com](mailto:lynna.thomas7@gmail.com). We look forward to a Positive Confirmation.

With Highest Consideration,

Xavier E. Matsutaro  
National Climate Change Coordinator  
Office of Climate Change  
Republic of Palau
