Subject: Request for tenders: GCF Climate Information Services for Resilient Development Planning in Vanuatu Project (Vankirap) Project Terminal Evaluation

Question 1:

Could you please confirm whether this refers to:

25 working days total for the two-person evaluation team (international and national consultant), or
25 working days per consultant?

Response:

It is 25 calendar days in total- consultants to propose the split between themselves on total number of days (ie. Person days). Eg, the National may do the bulk of information gathering and require 15 days and the TL probably just 10-12 days including in country engagement and finalising outputs.
