Subject: Request for tenders (RFT): Provision and Installation of Recycling Collection Cages for 13 Schools in the Solomon Islands

Question 1:

Please specify what are the specifications for the recycling cages? Is it a prefab type or modern cages with bins installed?

Response:

The specifications for the recycling collection cages are detailed in Section 3 of Annex A of the tender document. Tenderers should refer to this section for the full technical requirements. In addition, we do not have any specific preference regarding prefabricated cages or other cage designs. We only require that the proposed solution complies with all requirements and specifications outlined in the tender documentation, particularly Section 3, Bullet Point 1, of Annex A.
