**Subject: PWP-098-CON Request for Tender: Development of the Chuuk Organic Processing Programme, FSM**

**PWP-100-CON Request for Tender: Development of the Yap Organic Processing Programme, FSM**

1. In relation to the above tenders scope of works – the requirement to undertake a Waste Audit is only relevant to gain greater understanding of the Organics fraction of material available for use in the proposed systems. Tender responses should indicate the proposed methodology necessary to inform the works. Methodologies should be developed to work in concert with the supplied methodology.
2. There are available locally trained Government employees on Yap and Chuuk to assist with any audit activities. These staff will be made available to assist with all reasonable audit activity requests.
