From: Mr Sunny Seuseu, A/Project Manager, Vanuatu CISRD Project

Subject: Request for tenders (RFT): Communications Officer (Service Based Consultancy) for the Vanuatu Klaemet blong Redy, Adapt mo Protekt (Van-KIRAP) Project

1. Background

1.1 The Secretariat of the Pacific Regional Environment Programme (SPREP) is an intergovernmental organisation charged with promoting cooperation among Pacific islands countries and territories to protect and improve their environment and ensure sustainable development.

1.2 SPREP approaches the environmental challenges faced by the Pacific guided by four simple Values. These values guide all aspects of our work:

   • We value the Environment
   • We value our People
   • We value high quality and targeted Service Delivery
   • We value Integrity

1.3 The Climate Information Services for Resilient Development in Vanuatu (CISRD) or Vanuatu Klaemet Infomesen blong redy, adapt mo protekt (Van-KIRAP) Project, is a four and a half year, full size Green Climate Fund project implemented through the Secretariat of the Pacific Environment Programme (SPREP). The Van-KIRAP Project is implemented in the Republic of Vanuatu and managed by the Vanuatu Meteorological and GeoHazards Department (VMGD) and SPREP Climate Change Resilience Programme (SPREP CCR), the Project Executing Agencies, in partnership with multiple partners in Vanuatu, Australia and South Korea.

1.4 The Van-KIRAP Project Objective (PO) is to “increase the ability of decision makers, development partners, communities and individuals across five target sectors (agriculture, fisheries, infrastructure, tourism and water) to plan for and respond to the long- and short-term impacts of climate variability and change”. The Project is responding to priorities identified in the Vanuatu Framework for Climate Services (2016) and the VMGD Strategic Development Plan 2014–2023, developed through a national consultation and design process.

Communications Officer (Service Based Consultancy) for the Vanuatu Klaemet blong Redy, Adapt mo Protekt (Van-KIRAP) Project

Background
The ‘Climate Information Services for Resilient Development in Vanuatu’ project locally known as Vanuatu Klaemet Infomesen blong Redy, Adapt mo Protekt (Van KIRAP) - is supporting a paradigm shift towards the standardized and mainstreamed use of science-based climate information, at multiple timescales to support resilient development pathways. The project will focus on five targeted sectors: tourism, agriculture, infrastructure, water and fisheries.

More specifically, the project is building technical capacity in Vanuatu to harness and manage climate data; develop and deliver practical CIS tools and resources; support enhanced coordination and dissemination of tailored information; enhance CIS information and technology infrastructure; and support the application of relevant CIS through real-time development processes, for more resilient outcomes.

The project is addressing information gaps and priority needs of target beneficiaries at national, provincial and local community levels across the five priority sectors through four core components:

1. Strengthening the VMGD platform to provide quality climate data and information for CIS.
2. Demonstrating the value of CIS at the sectoral and community levels.
3. Developing CIS tools and engaging with stakeholders through outreach and communications.
4. Strengthening the institutional capacity for long-term implementation of CIS in decision-making.

This GCF funded project is managed by the Vanuatu Meteorology and Geohazards Department (VMGD) and the Secretariat of the Pacific Regional Environment Programme (SPREP).

VanKIRAP’s goal is increase the ability of decision-makers, communities and individuals in Vanuatu, including those in the five target sectors, to plan for and respond to the long and short-term impacts of climate variability and change, using climate information services (CIS).
