**5. Tender Clarification**

- 5.1. a. Any clarification questions from applicants must be submitted by email to [procurement@sprep.org](mailto:procurement@sprep.org) before 17 October 2022. A summary of all questions received complete with an associated response posted on the SPREP website [www.sprep.org/tender](http://www.sprep.org/tender) by 20 October 2022.
- b. The only point of contact for all matters relating to the RFT and the RFT process is the SPREP Procurement Officer.
- c. SPREP will determine what, if any, response should be given to a Tenderer question. SPREP will circulate Tenderer questions and SPREP’s response to those questions to all other Tenderers using the SPREP Tenders page (<https://www.sprep.org/tenders>) without disclosing the source of the questions or revealing any confidential information of a Tenderer.
- d. Tenderers should identify in their question what, if any, information in the question the Tenderer considers is confidential.
- e. If a Tenderer believes they have found a discrepancy, error, ambiguity, inconsistency or omission in this RFT or any other information given or made available by SPREP, the Tenderer should promptly notify the Procurement Officer setting out the error in sufficient detail so that SPREP may take the corrective action, if any, it considers appropriate.

**6. Evaluation criteria**

- 6.1. SPREP will select a preferred consultant on the basis of SPREP’s evaluation of the extent to which the documentation demonstrates that the tenderer offers the best value for money, and that the tender satisfies the following criteria:
- 6.2. A proposal will be rejected if it fails to achieve 70% or more in the technical criteria and its accompanying financial proposal shall not be evaluated.

**I. Technical Score – 70%**

Criteria	Description	Weighting
<b>Proposed Methodology</b>	Company statement indicating any commitments or management processes that promote or support environmental management, biodiversity protection, waste management, or climate change as SPREP seeks to work with like-minded suppliers in the delivery of project activities	5%
	Overview of management process to address client requests, concept/script approval, production stages and production timeliness, etc.	10%
	Demonstrated ability to coordinate resources, equipment and required staffing for video/photography pre-production, production, and post-production stages.	15%

Criteria	Description	Weighting
Experience	A minimum of 5 years proven experience in undertaking high-quality videos/photos production assignments. Previous experience in similar tasks for international or regional organisations like SPREP will be an advantage.	10%
	Demonstrated qualifications and/or experience in advanced use appropriate post-production software for both videography and stills photography	10%
	The supplier must provide samples (via online links) of high-quality produced videos/photos for different audiences that showcase: <ul style="list-style-type: none"> <li>• Visual appeal: Striking, modern, visually appealing photography and videography, including composition, choice of viewpoints, visual impact, originality</li> <li>• Adherence to technical requirements for good photography and videography, including colour, contrast, lighting, focus/sharpness</li> <li>• Videography/photography experience in environmental management will be an added advantage</li> </ul>	20%

## II. Financial Score

The following formula shall be used to calculate the financial score for ONLY the proposals which score 70% or more in the technical criteria:

$$\text{Financial Score} = a \times \frac{b}{c}$$

Where:

a = maximum number of points allocated for the Financial Score

b = Lowest bid amount

c = Total bidding amount of the proposal

### 7. Variation or Termination of the Request for Tender

- 7.1 a. SPREP may amend, suspend or terminate the RFT process at any time.
- b. In the event that SPREP amends the RFT or the conditions of tender, it will inform potential Tenderers using the SPREP Tenders page (<https://www.sprep.org/tenders>).
- c. Tenderers are responsible to regularly check the SPREP website Tenders page for any updates and downloading the relevant RFT documentation and addendum for the RFT if it is interested in providing a Tender Response.
- d. If SPREP determines that none of the Tenders submitted represents value for money, that it is otherwise in the public interest or SPREP's interest to do so, SPREP may terminate this RFT process at any time. In such cases SPREP will cancel the tender, issue a cancellation notice and inform unsuccessful bidders accordingly.

## **Terms of Reference Videography Services for PacWastePlus Programme Communications and Visibility Actions**

The Secretariat of the Pacific Regional Environment Programme (SPREP) is working with the European Union's Delegation to the Pacific, and 14 Pacific Island Countries and Timor-Leste to undertake the PacWastePlus Programme (PWP) which seeks to improve and enhance waste management activities and the capacity of governments, industry, and communities to manage waste to reduce the impact on human health and the environment.

PacWastePlus seeks to generate improved economic, social, health and environmental benefits for Pacific Island Countries arising from stronger regional economic integration and the sustainable management of natural resources and the environment. The programme activities will be designed to assist Countries to ensure the safe and sustainable management of waste with due regard for the conservation of biodiversity, reduction of marine litter, health and well-being of Pacific Island communities, and climate change mitigation and adaptation requirements.

Activities for PacWaste Plus will focus on targeted priority waste streams which are: hazardous wastes (specifically **asbestos, E-waste and healthcare waste**); solid wastes (specifically **recyclables, organic waste, disaster waste and bulky waste**); and related aspects of **wastewater** (water impacted by solid waste).

### **1. INTRODUCTION TO PROJECT**

The PacWastePlus programme as part of its Communication and Visibility Plan (CVP) commits to support the documentation and visibility opportunities of interventions in each of its programme countries in support of sustainable waste management. SPREP seeks to engage services to develop professionally produced media materials, specifically high-quality videos, promoting the activities of PacWastePlus, and general waste management achievements in the participating countries, on a retainer basis till June 2024. The provision of services will be undertaken on an "on call" and non-exclusive basis with no guaranteed minimum level of work. Further information and background on PacWastePlus country projects can be obtained from <https://pacwasteplus.org/country-projects/> and for regional projects please refer to <https://pacwasteplus.org/regional-projects/>

### **2. EXPECTED OUTCOMES**

The intent is to produce and showcase a selection of videographic materials as evidence of not only progress of PacWastePlus programme and country project implementation but also as a source of inspiration for new partnerships, investments, and implementation in sustainable and cost-effective waste management in the region. The production of videos will be designed to:

- Inspire discussions on similar partnerships between SPREP and other potential donors to drive waste management programmes.
- Contribute to increasing project implementation pace within the portfolio by encouraging other country projects
- Contribute to monitoring, validation and reporting for country project and programme implementation.

The consultant shall provide SPREP with videography services, in consultation with key country focal points, country based national officers and the PacWastePlus programme team, capturing project elements related to gender equality and social inclusion. The specific deliverables and timeline will depend on the scale and scope of the different tasks and campaigns commissioned as outlined in the section "Scope of Work".

#### ***Audience description***

All resources developed should be done so with due regard to the target audience, which is:

- The PacWastePlus participating member countries (15 countries)

# SPREP

Secretariat of the Pacific Regional  
Environment Programme

## 4. INSTITUTIONAL ARRANGEMENTS

### Work arrangements

- Introductions to representatives of Pacific Island countries (country project focal points) will be made, but it is expected that the bulk of the work will focus on the coordination with the PacWastePlus Communications Officer and the in-country National Country Officers (once appointed). All assignments will be provided directly by SPREP to the service provider.
- This engagement will be subject to review to evaluate the service being provided on an annual basis.

### Duration of the Consultancy

The service consultancy will commence as soon as practicable, till June 2024

### Contract Management

- All production will be guided by the PacWastePlus Communications and Visibility Plan, Logo Use and Branding Guidelines and Country Communications Guideline.
- Exact product type will be specified with all additional details by SPREP to the selected suppliers.
- Any production should **only commence once formal approval** has been provided by the PacWastePlus programme.
- The execution of this contract requires the capacity to be able to manage several orders simultaneously and to ensure coordination between all parties involved.
- The contractor shall ensure the necessary management systems to ensure quality control in the relevant production phases of the process and the quality check of the final product as well as the proper follow up and coordination at the pre-production, production, and post-production stages.
- The consultant is expected to interact with the PacWastePlus Contract Officer and other relevant colleagues via a suitable virtual platform (Zoom/Skype) on agreed and scheduled meeting dates.

### Consultant Responsibilities

The consultant will be responsible for scheduling meetings within country National Officers and the PacWastePlus Communications Officer and country representatives, taking minutes, and distributing these for comment prior to finalising.

It is integral that open and honest communication is a priority to help alleviate delays and issues that could arise.

### COVID-19 Guidelines

SPREP is committed to ensuring the safety of the video crew, interviewees, and all other parties involved in production. We expect the supplier to follow national COVID-19 safety precautions before, during, and after the work in the field.

### Schedule of Work

Expected project activity is detailed in Table 1, it is expected that tenderers will detail how and when each of these steps will be delivered.

**Table 1: Project Schedule**

Phase	Activity	Timeline
<b><i>Contract Signing and Execution</i></b>		
<b>Inception</b>	1. Inception Meeting	Within 5 days from date of Contract Signing
<b>Pre-Production</b>	2. Detailed product specifications provided 3. Finalise product development concept 4. Approve sample prior to any production	No later than 10 days from being provided with specific product production order (unless specified otherwise)
<b>Production</b>	5. Formal approval from the PacWastePlus programme on the agreed concept and sample product 6. Supplier to commence product development as per approved concept, ensuring quality controls are in place	No later than 15 days from concept and sample approval (unless specified otherwise)
<b>Post-Production</b>	7. All post-production into 'ready for dissemination' videography to be done by the supplier in close consultation with SPREP. 8. Upon quality production, supplier to undertake quality checks on the developed product before providing final version in an easy to access format 9. Invoicing to be done by the supplier upon delivery of requested product to SPREP and acceptance of products based on quality verification.	No later than 25 days from concept and sample approval (unless specified otherwise)

## 5. Budget

Submissions are required to complete the financial offer form provided, detailing the financial elements of their proposal in **USD**.

SPREP reserves the right to withdraw this tender at any time. SPREP reserve the right to accept or reject any or all bids and to waive any formal defects or irregularities in the bids, when deemed to be in the interest of SPREP.

This is a service delivery-based position, and the professional time allocation and specific production request (videography) payment of work will be set in agreement to the provided financial rates and is not subject to negotiation.

The consultant will be expected to provide and cover the costs of their own videography production equipment and associated software as part of the contract agreement.

## 6. Other Information

The successful consultant will be provided with any relevant project documentation. The successful consultant must supply the services to the extent applicable, in compliance with SPREP's Values and Code of Conduct

[https://www.sprep.org/attachments/Publications/Corporate\\_Documents/sprep-organisational-values-code-of-conduct.pdf](https://www.sprep.org/attachments/Publications/Corporate_Documents/sprep-organisational-values-code-of-conduct.pdf). Including SPREP's policy on Child Protection, Environmental Social Safeguards, Fraud Prevention & Whistleblower Protection and Gender and Social Inclusion.
